

THE SCOPE OF EUGENICS

Call for Submissions

Banff, Alberta

A four-day workshop for early career scholars

Friday, May 22, 2015 – Monday, May 25,
2015

The Banff Centre

Submission Deadline:
March 1st, 2015 (Extended)

<https://scopeofeugenics.wordpress.com/>

To acknowledge the significant contributions made by students to the *Living Archives on Eugenics in Western Canada* project over the past four years, we invite submissions from **early career scholars**—students and those within five years of completing their doctorates—from any discipline on topics related to eugenics and its contemporary significance.

Potential Topics

Possible topics include, but are in no way restricted to, the following :

Apologies to eugenics survivors

Collective memory

Nationalism

Queer sexuality

Schizophrenia

Whiteness

Child welfare

Human diversity

Quality of life

Roma peoples

World Health Organization

Particular Countries / Regions

The project director is happy to provide feedback to potential participants on these and other suggestions (e.g., on particular countries or regions of the world).

Submissions

Submissions should consist of a **single document** that includes a (i) summary abstract (<150 words), (ii) longer description (<750 words) outlining the presentation and explaining the relevance of the topic to eugenics, (iii) short biographical statement (<100 words), and (iv) CV.

Participants are expected to attend the whole workshop and to contribute a short entry for eugenicsarchive.ca, ideally based on their presentation, within one month of the workshop.

Travel and Accommodations

Accommodation and meals for all workshop participants will be covered by Eugenics Archives. Participants will also be notified upon acceptance if we are able to cover in full, or contribute to in part, additional travel expenses. The workshop will allow for substantial opportunities to enjoy the Banff surrounds and will encourage networking, mentoring, and informal discussion between junior scholars interested in eugenics and Eugenics Archives team members.

For Enquiries, please write to the project director, Professor Rob Wilson:
